Postbaccalaureate Premedical Programs (Input Database—Password Required)
<http://services.aamc.org/postbac/admin/>

Postbaccalaureate Premedical Programs—Searchable Database
<http://services.aamc.org/postbac/>

A number of schools now sponsor postbaccalaureate premedical programs to assist individuals in preparing for medical school. This database can be searched by state, school/institution name, undergraduate or graduate program, degree type, and special program focus.

Transfer Policies for Applicants (Input Database—Password Required)
<http://services.aamc.org/tsp>

Transfer Policies for Applicants—Searchable Database
http://services.aamc.org/tsp_reports

This electronic application grants administrators access to add new, or update previous, school transfer policies. The public search page gives students access to the online database of medical school transfer policies.

Other GSA Resources for GSA Members

These resources can be accessed from the GSA Web site at:
www.aamc.org/members/gsa/resources.htm

General

GSA Meeting Types (PDF, 2 pages - 23 KB) The "GSA Meeting Types" document outlining the purpose, audience, format and content of various AAMC/GSA meetings was approved at the January 31, 2002 GSA Steering Committee Meeting.

Careers in Medicine

A career planning program designed to assist students in choosing a specialty.

Chemical Impairment Guidelines

These guidelines are intended to assist medical schools in the development of policies and programs to insure appropriate care for any medical students who are impaired due to chemical abuse.

Extramural Electives Compendium - Elective Program Coordinator Login
(Password Required)

Extramural Electives Compendium - Public Search Page

The Extramural Electives Compendium (EEC) contains essential information for medical students about elective opportunities at Liaison Committee on Medical Education (LCME)-accredited medical schools in the United States and Canada. Contact Danielle Gregory dgregory@aamc.org to request a password or for more information.

Infectious Disease Handbook for Medical School Student Affairs Officers

This handbook is intended as a resource for those who are concerned about the transmission of infectious diseases in the health care setting. It contains information about common hospital-acquired agents, methods of transmission, risks of infectivity, and control/prevention procedures.

Appropriate Treatment in Medicine (ATM): A Compendium on Medical Student Mistreatment

This compendium provides information to support and enrich program and policy development at each medical school regarding methods of preventing student mistreatment and responding promptly to complaints.

Annual Meeting 2003

View PowerPoint presentations from:

- GSA/OSR Plenary on Student Debt by Christiana Russ (PowerPoint, 13 slides- 309KB) and Cynthia Gonya (PowerPoint, 19 slides- 197KB)
- GSA/MAS Plenary on Affirmative Action by Martha Medrano (PowerPoint, 9 slides- 102KB)
- GSA Plenary on Professionalism: Expectation, Education, Evaluation by David Stern (PowerPoint, 20slides- 569KB)

Financial Aid

Financial Wellness for Medical Students

This AAMC COSFA-developed curriculum helps medical students gain the practical knowledge and tools necessary to make effective financial decisions. PowerPoint slide shows explain five key financial competencies for financial management.

(MD)²—Monetary Decisions for Medical Doctors

An electronic resource manual for financial planning throughout your career.

Financial Aid Forms Required by Medical Schools - Financial Aid Personnel Login (*Password Required*)

Financial Aid Forms Required by Medical Schools- Public Search Page

This application has been designed to allow financial aid personnel to add their school's financial aid filing requirements to our online database. The online search tool is available to the public. Contact Denine Hales (dhales@aamc.org) to request a password or for more information.

Satisfactory Academic Progress

Essentials for compliance at medical schools. (PDF, 14 pages - 38KB)

State Loan and Other Loan Repayment/Forgiveness and Scholarship Programs

A compilation of U.S. programs that offer financial assistance, in the form of loan repayments, for a commitment to service.

Minority Affairs

GSA-MAS Guidelines for the Structure and Functions of Minority Affairs Offices at U.S. Medical Schools

Helpful information to help minority affairs offices develop plans or to review the functions of an existing office.

Minorities in Medicine

Resources for minorities considering a career in medicine.

Summer Medical Education Program (SMEP)

Summer educational enhancement program designed to help promising students, who are interested in promoting diversity within medicine, gain admission to medical school.

Minority Faculty Career Development Seminar

This program is designed for junior faculty (senior fellows, instructors, and assistant professors) who are also under-represented minorities: Black, American Indian, Mexican American and Puerto Rican, who wish to pursue positions of leadership in academic medicine.

DHHS Secretary's Award for Innovations in Health Promotion and Disease Prevention, 2003-2004

The U.S. Department of Health and Human Services, in collaboration with the Federation of Associations of Schools of the Health Professions, announces the 2003-2004 competition for student papers for the Secretary's Award for Innovations in Health Promotion and Disease Prevention.

Student Affairs

A Guide to the Preparation of the Medical Student Performance Evaluation

This Guide introduces the new Medical Student Performance Evaluation, which replaces the former "Dean's Letter." Beginning this year (2002), the MSPE will be the means by which medical schools provide an assessment of students' academic performance and professional attributes in medical school to graduate medical education program directors as a component of the residency application process.

Health Services Guidelines

A listing of health service guidelines for general topics, insurance, mental health, chemical dependency, immunizations and occupational exposure.

Student Mistreatment Guidelines

A discussion about the medical learning environments expectation to facilitate students' acquisition of the professional and collegial attitudes necessary for effective, caring and compassionate health care.

Summer Make-up Courses Compendium

This searchable database is available for search during the Spring semester of each academic year.

Guidelines for the Consideration of Applications for Transfer or Advanced Standing (*PDF, 2 pages - 12KB*)

These guidelines, by the Group on Student Affairs Steering Committee, were established to assist medical schools in the handling of applications.

Student Records

Guidelines for Academic Transcripts

Guidelines for medical schools regarding academic transcripts.

GME Track

This resident database and tracking system assists GME Administrators and program directors in the collection and management of GME data.

Student Records System (SRS) (*Password Required*)

This centralized, online enrollment information enables all medical school student records administrators to track all individual students during their progress from matriculation through graduation. The SRS also supports the LCME in reporting enrollment measures. A more extensive introduction to the SRS is available for perusal.

Student Records Administrators Handbook

This document is available from the Section for Student Affairs and Programs. Contact Danielle Gregory at dgregory@aamc.org to request a copy.

Visiting Student Guidelines

Guideline Statement (*PDF, 3 pages - 15KB*)

Application Form (*PDF, 1 page - 496KB*)

Health Statement (*PDF, 1 page - 60KB*)
