

## Memorandum

Date: June 11, 2008  
 To: Careers in Medicine Liaisons  
 From: Jeanette Calli, Program Manager  
 Re: 2008-2009 Publication Orders

We are now accepting orders for the Careers in Medicine (CiM) Student Guide and Advisor Manual. The Student Guide is a short, concise publication that outlines the career planning process, and steers students toward the tools and resources available through the CiM Web site. The Student Guide has been revised with expanded coverage on writing a CV and other minor revisions. The Advisor Manual provides extensive program implementation guidance, workshops, exercises, resources and information to use as you advise students throughout the career development process. It has not been revised for 2008-2009.

Student Guides will be free of charge for incoming students and the first ten Advisor Manuals will be free. Any additional copies will be available for purchase. **Requests for the materials should be sent to the AAMC Publications office on the enclosed order form. Please fax the completed order form to (202) 828-1123**

*The following materials are available for the 2008-2009 academic year:*

**Careers in Medicine Student Guide ..... Free for incoming students**

Additional copies: \$5.00/guide (includes shipping and handling)

This publication is designed to introduce students to the career planning process in general and the Careers in Medicine program specifically. It is a handy guide to the tasks, tools, and resources available to assist students with specialty and residency choice. It also contains detailed timeline information and a suggested reading list. A guide should be provided to each new student.

**Careers in Medicine Advisor Manual ..... First 10 free**

Additional copies: \$10.00/manual (includes shipping and handling)

This manual includes instructions and suggestions to advisors and liaisons. Topics covered include implementing the program, advising students through the career development process, and resources to conduct workshops. It should be provided to each person at your school who will have an advisory role in your Careers in Medicine program.

**Orders are currently being accepted but we will not begin shipping until we receive the publications from the printer the first week of July.** For questions about pricing or ordering, contact AAMC Customer Service at 202-828-0416 or [publications@aamc.org](mailto:publications@aamc.org). For questions about the Careers in Medicine program or publication content, please contact Jeanette Calli at 202-862-6270 or [jcalli@aamc.org](mailto:jcalli@aamc.org). We look forward to receiving your order.
