

**AAMC Selected Projects Schedule
Fiscal Year 2017-2018**

This is list of selected data projects at AAMC to help your institution understand when surveys and data reports are scheduled for release (although some dates are approximate and may change). To request AAMC data, please fill out the Data Request form at the bottom right of <https://www.aamc.org/data>. For survey support or technical help with a report, contact the project staff help listed below.

| Project | Survey Launch | Survey Deadline | Report Release | Survey Contact/ Respondents | Project Staff Contact | Description and Report Availability |
|---|-------------------------|-------------------------|--|---|--|---|
| Comprehensive Information | | | | | | |
| Organizational Characteristics Database (OCD) | NA | NA | 06/13/18 | No respondents | ocd@aamc.org | The Organizational Characteristics Database provides information on medical school organizational characteristics including the relationship of the medical school to its parent university, the research intensity of the medical school, the legal structure of the medical school's practice plan, and affiliated COTH-member teaching hospitals. The Organizational Characteristics Database is updated annually and is available at the password-protected website https://www.aamc.org/data/ocd . |
| Missions Management Tool (MMT) | NA | NA | 03/09/18 | No respondents | halexander@aamc.org respiritu@aamc.org | This report presents current and trend information on the percentile ranking of each medical school in six missions. The report is distributed to the dean and other medical school officials. |
| Compensation Information | | | | | | |
| Deans' Compensation Survey | 09/15/17 | 10/16/17 | 03/30/18 | Dean | dcs@aamc.org | The annual Deans' Compensation Survey collects compensation and responsibility benchmarking information for deans and interim deans of medical schools. The report is made available to deans at participating medical schools. |
| Dean's Office Staff Compensation Survey | 07/17/17 | 08/18/17 | 10/30/17 | Dean and Principal Business Officer | dos@aamc.org | The annual Dean's Office Staff Compensation Survey collects compensation data on chief officers in the following administrative areas: Academic Affairs, Admissions Affairs, Business Affairs, Clinical Affairs, Diversity Affairs, Faculty Affairs, Student Affairs, and Research Affairs. The report is made available to deans and Principal Business Officers at participating medical schools. |
| Department & Division Administrator Compensation Survey | 11/15/17 | 01/05/18 | 03/15/18 | Principal Business Officer | ddac@aamc.org | The Department and Division Administrator Compensation Survey collects compensation data, experience, education, responsibilities, and department/division characteristics, including expenditures and faculty numbers, for department and division administrators in the basic and clinical sciences and interdisciplinary/research centers. The report is made available to Principal Business Officers and survey contacts and participating medical schools. |
| Faculty Salary Survey | 08/01/17 | 10/16/17 | 12/29/2017 (online) 1/31/2018 (paper) | Principal Business Officer | fss@aamc.org | The Faculty Salary Survey collects annualized 12-month compensation for full-time paid faculty, chiefs, and chairs at U.S. medical schools for the previous fiscal year. As the individuals responsible for submitting the data, online benchmarking reports are made available to deans, Principal Business Officers, and their designees. Other individuals can purchase the AAMC Faculty Salary Report as an online or paper publication. For those with designated or purchased access, the reports can be found at https://services.aamc.org/fssreports . |
| Group on Faculty Practice (GFP) Executive Compensation Survey | 10/17/17 | 11/17/17 | 03/30/18 | GFP Executive Survey Contacts | gfpcompensation@aamc.org | The GFP Executive Compensation Survey collects salary and responsibility data for faculty practice plan executives. Additional benefits information is collected for Executive Directors. The report is shared with the executive survey contact at participating AAMC GFP institutions. |
| Mercer IHN – Healthcare Systems and Hospital Executives Compensation Survey | 02/02/18 | 04/20/18 | 09/28/18 | COTH CEOs or survey contacts | ihnsurvey@aamc.org | Mercer summarizes compensation for key executive position for participating COTH institutions which are shared with CEOs and survey contacts. |
| Resident/Fellow Stipend and Benefits Survey | Not fielding in FY 2018 | Not fielding in FY 2018 | Not fielding in FY 2018 | Group on Resident Affairs Representatives | residentsurvey@aamc.org | An online report is posted to AAMC public website at https://www.aamc.org/data/stipend/ . The report includes a variety of cuts of the data (such as by geographic region and type of institution) for stipends by post-graduate year. |
| Faculty Information | | | | | | |
| Faculty Roster | Continuous | Continuous | Continuous | Faculty Roster Representatives | rsloane@aamc.org | Dean-designated Faculty Roster representatives submit educational, employment, and demographic information on faculty at least once a year. Schools that submitted updated data within the past year have access to custom report generators in the online benchmarking tool (found at https://services.aamc.org/famous) and are eligible to receive special reports. Public reports can be found at https://www.aamc.org/data/facultyroster/reports . |

**AAMC Selected Projects Schedule
Fiscal Year 2017-2018**

This is list of selected data projects at AAMC to help your institution understand when surveys and data reports are scheduled for release (although some dates are approximate and may change). To request AAMC data, please fill out the Data Request form at the bottom right of <https://www.aamc.org/data>. For survey support or technical help with a report, contact the project staff help listed below.

| Project | Survey Launch | Survey Deadline | Report Release | Survey Contact/ Respondents | Project Staff Contact | Description and Report Availability |
|--|-------------------------|-------------------------|-------------------------|---|--|--|
| Finances and Operations Information | | | | | | |
| AAMC-SACME Harrison Survey | 10/05/17 | 01/08/18 | 04/30/18 | Medical school Continuing Medical Education staff | cgoddard@aamc.org | The Harrison Survey of Academic CME collects information from directors of CME/CPD units at U.S. and Canadian medical schools and teaching hospitals. The survey is administered every two years. |
| Compliance Officers Forum Survey | Not fielding in FY 2018 | Not fielding in FY 2018 | Not fielding in FY 2018 | Compliance Officer Forum members | cof@aamc.org | The biennial Report of AAMC Members' Compliance Activities information on a variety of topics, including compensation, staffing, organizational structure, budget, audits and billings. In addition, there is a usually a hot topic section. A full report, including salary information, is emailed to participants. A version of the report that excludes salary information is made available to all members of COF on the group's private website at https://www.aamc.org/members/cof/resources . |
| COTH Data Tool | NA | NA | 12/05/17 | No respondents | dhcasurvey@aamc.org | The Council of Teaching Hospitals and Health Systems (COTH) Data Tool allows users to produce reports from the Annual Survey of Hospital Operations and Financial Performance. Information is available on a variety of topics, such as on hospital net revenues, expenses, GME FTEs, bed counts, and transplants. Users can also download the Operations and Finance Annual Databook. These data are updated yearly and are available to participating COTH-member hospitals at https://apps.aamc.org/coth . |
| Curriculum Reports | NA | NA | 1/31/2018 | No respondents | kbrandenburg@aamc.org | The Curriculum Reports provide dynamic, mobile-friendly graphics related to curriculum subject areas, topics, disciplines, specialties, and competencies included in both foundational and clinical learning experiences at medical schools. The reports are based on information from the LCME Part II Annual Medical School Questionnaire and the AAMC Curriculum Inventory. The reports are publically available at https://www.aamc.org/initiatives/cir/curriculumreports/ . |
| Financial Aid Summary Report and Executive Overview | NA | NA | 04/30/18 | No respondents | lcmeib@aamc.org | The Financial Aid Summary Report (FASR) is an annual report that displays financial aid and cost of attendance data. |
| Group on Business Affairs (GBA) Metrics Surveys | 01/12/18 | 03/09/18 | 07/27/18 | Principal Business Officer | gbametrics@aamc.org | The GBA Metrics Surveys collect practice plan financial information, sponsored programs, and other financial indicators via three GBA surveys (Clinical, Finance and Research). Participating medical schools receive the data in a customized report the Operations Management Tool (OMT). The OMT presents current information through percentile rankings and a dynamic cohort tool. The OMT also presents trend information. |
| Group on Information Resources (GIR) Medical School IT Survey | 10/18/17 | 12/01/17 | 03/30/18 | GIR Representatives | girsurvey@aamc.org | In even years, the GIR Medical School IT Survey collects data on medical school IT leadership and reporting, governance, and staff and financing of IT services. In odd years, the survey collects information specific technologies used in administrative, education, research, clinical, and security technologies. A data file of responses is available through the GIR representatives at participating medical schools. |
| Group on Residents Affairs Survey | 07/17/17 | 08/17/17 | 11/15/17 | Group on Resident Affairs Representatives | grasurvey@aamc.org | This survey fields in odd years only and collects data on GRA member background, responsibilities, and compensation; the GME office; and hot topics areas chosen each year. A full report with compensation information is available to GRA representatives. An abridged version of the report excluding compensation information is posted to the GRA section of the AAMC website at https://www.aamc.org/members/gra/resources . |
| LCME Part I-A Annual Financial Questionnaire (AFQ) | 09/15/17 | 12/15/17 | NA | Principal Business Officer | afq@aamc.org | The AFQ is a customized Excel workbook that is administered annually to all medical schools with preliminary, provisional, or full LCME accreditation. The data are used as a part of the LCME's accreditation efforts as well for benchmarking. |
| LCME Part I-A Overview of Organizational and Financial Characteristics | 09/15/17 | 12/15/17 | NA | Principal Business Officer | afq@aamc.org | The LCME Part I-A Overview is administered annually to all medical schools with preliminary, provisional, or full LCME accreditation. The data are used as a part of the LCME's accreditation efforts as well for benchmarking. |

**AAMC Selected Projects Schedule
Fiscal Year 2017-2018**

This is list of selected data projects at AAMC to help your institution understand when surveys and data reports are scheduled for release (although some dates are approximate and may change). To request AAMC data, please fill out the Data Request form at the bottom right of <https://www.aamc.org/data>. For survey support or technical help with a report, contact the project staff help listed below.

| Project | Survey Launch | Survey Deadline | Report Release | Survey Contact/ Respondents | Project Staff Contact | Description and Report Availability |
|---|---------------|-----------------|----------------|--|--|--|
| LCME Part I-B Student Financial Aid Questionnaire | 07/07/17 | 09/08/17 | NA | Financial Aid Officers | lcmeib@aamc.org | The LCME I-B is an annual survey that collects institutional level data on grants, scholarships, loans, work-study, educational indebtedness, and supplemental issues. |
| Longitudinal Statistical Summary Report (LSSR) | 08/14/17 | 09/05/17 | 09/18/17 | No respondents but Deans, Principal Business Officers and their designees are asked to verify data | lssr@aamc.org | The LSSR is an annual report that presents eight years of data in four categories: School Characteristics, Medical Students, Faculty, and Educational Resources. The annual report is available to medical school deans, PBOs, and other medical school staff designated by the dean or PBO to have access to confidential financial reports for all medical schools with full LCME accreditation. |
| Medical School Finance Tables and Graphs | NA | NA | 06/15/18 | No respondents | anees@aamc.org | The Medical School Finance Tables and Graphs on the AAMC public website are generated annually using the aggregate data collected from LCME I-A Annual Financial Questionnaire. The data displayed include Revenue of U.S. Medical schools by revenue source, percent change in revenue by source, and trends in medical school revenue. The tables and graphs can be found at https://www.aamc.org/data/finance/ . |
| Medical School Profile Report (MSPR) | NA | NA | 07/16/18 | No respondents | afg@aamc.org | This report presents information on medical school finances, faculty counts, and students. The annual report is available to medical school deans, PBOs, and other medical school staff designated by the dean or PBO to have access to confidential financial reports for all medical schools with full LCME accreditation. |
| Regional Medical Campus Survey | 01/19/18 | 03/25/18 | NA | Medical school deans and regional campus deans | ekendrick@aamc.org | This survey collects information used to inform a research project on regional medical campuses in the U.S. and Canada. The information is used to inform the AAMC about regional medical campus activities. The data collected include the year the campus was established, its primary purpose, the curriculum, administrative structure, numbers and types of faculty, and student affairs characteristics. |
| The AAMC Development Survey | 01/02/18 | 03/09/18 | 09/04/18 | Chief Development Officers | developmentsurvey@aamc.org | The AAMC Development Survey is designed to assist medical school deans and teaching hospital CEOs in assessing the effectiveness of their institutional fundraising; enable members to benchmark their development programs against those of other institutions; and compile and report national trends in fundraising at medical schools and teaching hospitals. |
| Tuition and Student Fees Questionnaire | 07/14/17 | 09/13/17 | 11/02/17 | Principal Business Officer and Financial Aid Officers | tsf@aamc.org | The Tuition and Student Fees Questionnaire is an annual survey that collects institutional level cost of attendance data for residents and nonresidents in each year of medical school. The resulting reports are publicly available at https://www.aamc.org/data/tuitionandstudentfees . |
| Applicant, Student, Graduate, and Resident Information | | | | | | |
| ERAS National Statistics | NA | NA | 08/31/17 | No respondents | datarequest@aamc.org | The ERAS National Statistics tables present aggregate demographic and educational information on residency applicants. These reports are publicly available on the AAMC website at https://www.aamc.org/services/eras/stats/359278/stats.html |
| FACTS Updates | NA | NA | 12/15/17 | No respondents | datarequest@aamc.org | This report, which is updated annually and publicly available on the AAMC website at https://www.aamc.org/data/facts/ , contains aggregate demographic information about applicants, students, graduates, and residents. |
| GME Track Program Survey | 05/14/18 | 12/14/18 | NA | GME Program Directors and Coordinators | gmetrack@aamc.org | The Program Survey collects program information for all ACGME-accredited residency programs and are used to update the AMA's FREIDA Online website, where prospective residents can go to research residency programs and fellowships. |
| GME Track Resident Survey | 07/26/17 | 12/15/17 | NA | GME Program Directors and Coordinators | gmetrack@aamc.org | The GME Track Resident Survey collects information on individuals who have started, completed, and continued residency or fellowship training. |
| GPA/MCAT Report | NA | NA | 10/19/17 | No respondents | datarequest@aamc.org | This report shows the GPA/MCAT scores of applicants and matriculants by undergraduate institution. This report is posted by AMCAS on the AMCAS Admissions Hub. |

**AAMC Selected Projects Schedule
Fiscal Year 2017-2018**

This is list of selected data projects at AAMC to help your institution understand when surveys and data reports are scheduled for release (although some dates are approximate and may change). To request AAMC data, please fill out the Data Request form at the bottom right of <https://www.aamc.org/data>. For survey support or technical help with a report, contact the project staff help listed below.

| Project | Survey Launch | Survey Deadline | Report Release | Survey Contact/ Respondents | Project Staff Contact | Description and Report Availability |
|---|---------------|-----------------|----------------|--|--|---|
| Matriculating Student Questionnaire | 06/01/17 | 09/15/17 | 12/15/17 | Matriculating students respond to the survey and AAMC Student Surveys contacts at the medical schools are asked to help promote the survey | msg@aamc.org | The Matriculating Student Questionnaire (MSQ) Report is a tool medical schools use annually to evaluate programs and to improve the medical student experience by surveying incoming medical school students on pre-medical school experiences, personal characteristics, career aspirations, indebtedness, and thoughts about diversity via the Matriculating Student Questionnaire (MSQ). The last three years of the national report are publicly available at https://www.aamc.org/data/msq/ . Medical school personnel designated by the Dean of Student Affairs as student surveys contacts receive school-specific and (if applicable) campus-specific reports. |
| Medical School Enrollment Survey | 10/02/17 | 01/31/18 | 05/04/18 | Medical school deans | kafisher@aamc.org | The report is based on the annual Medical School Enrollment Survey. Each fall, the survey is sent to deans at all MD-granting U.S. medical schools with preliminary accreditation or higher. The report examines first-year medical school matriculants over the past decade and projects first-year matriculants through 2025. The goal is to inform the academic medicine community, researchers, and policymakers about trends and issues related to U.S. medical school enrollment. |
| Medical School Graduation Questionnaire | 02/14/18 | 06/08/18 | 07/31/18 | Graduating students respond to the survey and AAMC Student Surveys contacts at the medical schools are asked to help promote the survey | gq@aamc.org | The Medical School Graduation Questionnaire (GQ) Report is a tool U.S. medical schools use annually to evaluate programs and to improve the medical student experience. Information on the educational experiences, career intentions, and indebtedness of graduating medical students is obtained using the Medical School Graduation Questionnaire (GQ). The last three years of the national report are publicly available at https://www.aamc.org/data/gq/ . Medical school personnel designated by the Dean of Student Affairs as student surveys contacts receive school-specific and (if applicable) campus-specific reports. |
| Medical School Year Two Questionnaire | 10/01/17 | 01/02/18 | 03/30/18 | Year two students respond to the survey and AAMC Student Surveys contacts at the medical schools are asked to help promote the survey | y2q@aamc.org | The Medical School Year Two Questionnaire (Y2Q) Report is a tool U.S. medical schools use annually to evaluate programs and to improve the medical student experience. Information on the learning climate, adjustment to medical school, and future career plans of students in year two of medical school is obtained using the Medical School Year Two Questionnaire (Y2Q). The last three years of the national report are publicly available at https://www.aamc.org/data/y2q . Medical school personnel designated by the Dean of Student Affairs as student surveys contacts receive school-specific and (if applicable) campus-specific reports. |
| Primary Care Loan Report | NA | NA | 06/29/18 | No respondents | first@aamc.org | This report informs financial aid offices about the whereabouts and specialty focus of the medical school's graduates. The information in this report is used to support reporting of primary care training and practice to the federal government. That information determines whether a graduate is in compliance with their Primary Care Loan repayment process. Schools use these data to complete their Annual Operating Report (AOR), as required by the U.S. Department of Health and Human Services Health Resources and Services Administration (HRSA). School-specific reports are distributed to each medical school's primary financial aid administrator. |
| Report on Residents | NA | NA | 12/29/17 | No respondents | residentreport@aamc.org | The Report on Residents is an online collection of data tables that provide information on certain characteristics of residency applicants and residents, as well as information on the outcomes of residents. This annual report pulls data from multiple sources of information to create tables that focus on issues across states, specialties, and phases of the GME continuum. The report is publicly available at https://www.aamc.org/data/448474/residentsreport.html . |
