

What is Copyright?

Copyright is a form of intellectual property law governing ownership of works created by individuals or groups. **Content authors do not need to register** their work with the U.S. Copyright Office or include a copyright notice **in order for it to be protected**.

Citation Styles (AMA Manual of Style)

Best Practices

- **Cite quoted or summarized content** using AMA citation format on slides where quote or summary appears
- **Link to source materials** (website, video, etc.)
- **Use press kits** produced by organizations for images and other materials
- **Use copyright-free materials**
 - Creative Commons provides access to search for content in the public domain as well as other options for use. Visit <http://search.creativecommons.org>.
 - Content created by the federal government or where the copyright has expired (public domain)
 - Purchased stock images
