This record was
Rept by Dr. Bayard Holmes,
secretary of the faculty
and professor of surgery,
College of Physicians and
Surgeons, Chicago (now
College of Medicine,
University of Illinois)

Dr. Holmes was secretary
of the AAMC from 1895
to 1902 when he
refused re-election

*As amended and in force
June 13 1895 1894*

CONSTITUTION AND BY-LAWS OF THE ASSOCIATION OF AMERICAN MEDICAL COLLEGES.

CONSTITUTION.

ARTICLE I.

This Association shall be known as the ASSOCIATION OF AMERICAN MEDICAL COLLEGES.

ARTICLE II.

SECTION 1. Colleges adopting and observing the rules of this Association, as herein provided, shall be eligible to membership. Each College shall be entitled to one representative at all the meetings of the Association.

SEC. 2. Colleges desiring membership in this Association shall make written application to the Secretary, officially signed, and pay to the Treasurer of this Association the sum of five dollars (\$5.00) annually, in advance.

ARTICLE III.

SEC. 1. Colleges, members of this Association, shall require of all matriculates an examination as follows: 1. An English composition in the handwriting of the applicant of not less than two hundred words, said composition to include construction, punctuation, and spelling. 2. Arithmetic—fundamental rules, common and decimal fractions, and ratio and proportion. 3. Algebra—through quadratics. 4. Physics—elementary—(Gage). 5. Latin—an amount equal to one year's study as indicated in Harkness' Latin Reader.

SEC. 2. Graduates or matriculates of reputable colleges, or high schools of the first grade, or normal schools established by State authority, or those who may have successfully passed the entrance examination provided by the statutes of the State of New York, may be exempted from the requirements enumerated in Section 1.

SEC. 3. Students conditioned in one or more of the branches enumerated as requirements for matriculation, shall have time until the beginning of the second year to make up such deficiencies; provided, however, that students who fail in any of the required branches in this second examination shall not be admitted to a second course.

SEC. 4. Colleges granting final examination on elementary subjects to junior students, shall not issue certificates of such final examination, nor shall any member of this Association confer the degree of Doctor of Medicine upon any person who has not been first examined upon all the branches of the curriculum by the faculty of the college granting the degree.

Candidates for the degree of M.D. in 1899, or thereafter, shall have pursued the study of medicine for a period of four years, and attended at least four courses of lectures of not less than six months duration each. It is provided, however, that the following classes of students may apply for advanced standing:

- a. Graduates of recognized colleges and universities that have completed the prescribed course in chemistry and biology therein.
- b. Graduates and matriculates of colleges of homeopathy.
- c. Graduates and matriculates of colleges of eclectic medicine.
- d. Graduates and matriculates of colleges of dentistry requiring two or more courses of lectures before conferring the degree of D.D.S. or D.M.D.
- e. Graduates and matriculates of colleges of pharmacy.
- f. Graduates and matriculates of colleges of veterinary medicine.

All students shall be required to comply with the provisions of the entrance examination and prove their fitness to advanced professional standing, by an individual examination upon each branch below the class, he or she may desire to enter.

ARTICLE IV.

Membership.

SEC. 1. Membership in this Association shall be divided into active, associate, and honorary. The active membership shall consist of persons duly appointed to represent the college for the fiscal year. Associate membership shall consist of former delegates, representatives of post-graduate medical colleges, and of State Boards of Medical Examiners. Honorary membership, of distinguished teachers in medicine and surgery.

SEC. 2. Voting power shall be confined to active members in actual attendance. Associate and honorary members may participate in all other proceedings upon invitation of the presiding officer.

ARTICLE V.

Officers.

SEC. 1. The officers of this Association shall be a President, Senior and Junior Vice-Presidents, Secretary and Treasurer, and a Judicial Council of seven members; all of whom shall be elected annually by ballot and serve until the election of their successors.

SEC. 2. The President, or one of the Vice-Presidents in his absence, shall preside at all the meetings and perform such duties as parliamentary usage in deliberative assemblies and the By-Laws of this Association may require. Of the seven members constituting the Judicial Council, the three whose names appear first on the list of those first elected shall serve three years. Of the remaining four, the two first named shall serve two years, and the two last named shall serve for one year. Vacancies by expiration of term to be filled at the annual election of officers. Vacancies by death or resignation may, if business of importance arise, be filled by the surviving members in the interval between the annual meetings of the Association.

11/11/11

5

SEC. 3. The Secretary and Treasurer shall record the proceedings of the meetings, conduct the correspondence, receive dues and assessments from members, disburse the funds of the Association as provided by resolution, issue certificates of membership, and perform such other duties as the By-Laws may require.

SEC. 4. The Judicial Council shall investigate and determine all questions of violation of the rules and regulations of this Association, and all matters of dispute between the members of this Association. All charges or complaints shall be preferred formally in writing, and referred to the Council. The Council shall make written report at the next ensuing session of the Association upon all matters received for adjudication.

ARTICLE VI.

SEC. 1. The stated meetings of this Association shall occur annually on the day next succeeding that designated for the annual assembling of the American Medical Association.

SEC. 2. A majority of the members shall constitute a quorum.

ARTICLE VII.

This Constitution shall not be altered or amended, except by written notice to all the members at least thirty days previous to a stated meeting, and by a vote of two-thirds of all the delegates present at such meeting.

BY-LAWS.

SECTION 1. The presiding officer shall, on calling meetings to order, call for the reading of the minutes of the previous session, which, when approved, shall be recorded in a book kept for that purpose, signed officially by the Secretary and approved by the President.

SEC. 2. After approval of the minutes, the Secretary shall announce the colleges represented at the meeting, and an adjournment of ten minutes shall then follow to allow other representatives present to register and pay their dues.

SEC. 3. Order of business:

1. The reading of the minutes of the previous meeting.
2. Roll-call of membership.
3. Reports of Committees.
4. Secretary and Treasurer's report.
5. Report of Judicial Council.
6. Papers and essays.
7. New business.
8. Adjournment.

SEC. 4. These By-Laws may be altered or amended at any time by unanimous consent of the members present, or by written proposition, to so alter or amend, being read in open session and receiving the approval of a three-fourths vote of all the members present at an adjourned session of any stated meeting; provided, however, no more than twenty-four hours shall have elapsed between the time of the proposition to amend and the final vote thereon.

Association of American Medical Colleges

DR. W. L. RODMAN, PRESIDENT
1626 SPRUCE STREET
PHILADELPHIA, PA.

DR. WINFIELD S. HALL, SECRETARY
2431 DEARBORN STREET
CHICAGO

DR. W. J. MEANS, CHM. JUD. COUN.
715 NORTH HIGH STREET
COLUMBUS, OHIO

Chicago, Mar. 14, 1903.

Members of the Association of American Medical Colleges are hereby notified that the next regular meeting of the Association will be in New Orleans, May 4th, 2 p. m. The place of the meeting will be conspicuously announced by placards at the headquarters of the American Medical Association.

Each Medical school in the Association is entitled to one delegate, who should bring with him credentials from his Faculty. Delegates from colleges whose dues are paid may vote.

PROGRAMME:

1. Minutes of the Saratoga Meeting;
2. The President's Address, DR. W. L. RODMAN.
3. Report of Special Committee on Revision of Article III of the Constitution, DR. DODSON, RITCHIE AND WATHEN.
4. Symposium: To What Extent and How Rapidly shall our Standards of Admission to Medical Schools be Advanced.
5. Report of Secretary and Treasurer.
6. Report of Judicial Council.
7. New Business.
8. Adjournment.

The following amendment is introduced by the special committee appointed for the purpose of revising Article III of the Constitution

It is moved to amend Article III by striking out all of it and inserting in lieu thereof, the following:

ARTICLE III.

SECTION 1. Every College holding membership in this Association, shall demand of each student, as a minimum requirement for admission to the medical course, either (a) a diploma from a four years high school or academy whose credits are accepted by a state university, or, (b) the diploma of a state normal school having a course of instruction equivalent to a four years high school course whose credits are accepted by a state university, or, (c) a certificate of admission to the freshmen class of a state university or a college whose credits are fully recognized by a state university, or, (d), an examination in the following branches

- (A). English—grammar, rhetoric and composition, the equivalent of two years high school work in this branch.
- (B). Algebra—to quadratics.
- (C). Latin—One year high school work, including grammar and four books of Cæsar, or a full equivalent therefor.
- (D). Physics—one year of high school work, including some laboratory work.
- (E). U. S. History—one year of high school work

Besides the above, seven additional branches of the students' choice selected from the following:

- | | |
|--|----------------------------------|
| 1. Latin—one year, Cæsar, Cicero, or Virgil. | 9 Trigonometry—one year. |
| 2. German—one year, grammar and literature. | 10. Astronomy—one year. |
| 3. French—one year, grammar and literature. | 11 Physiology—one year. |
| 4. Chemistry—one year, with laboratory work. | 12 Physical geography—one year. |
| 5. Botany—one year | 13. English literature—one year. |
| 6. Zoology—one year | 14 Advanced algebra—one year. |
| 7. Geometry—one year, plane. | 15 Civics—one year. |
| 8. Geometry—one year, solid. | 16. General History—one year. |

SECTION 2 This examination must be conducted by members of the faculty of a literary or scientific college, or by a superintendent of public instruction; in no case shall it be conducted by any person connected with the faculty of a medical school to which the student is seeking admission.

SECTION 3 A student may be allowed to enter upon his medical work conditioned in not more than two branches (one year's work in each), but these conditions must be removed by satisfactory examination before he is allowed to enter upon the second year of his medical course

SECTION 4 Colleges members of this Association may honor the official credentials presented by students from other colleges having the standard requirements maintained by members of this Association, excepting for the fourth year of their course.

SECTION 5. Candidates for the degree of Doctor of Medicine shall have attended four years' courses of study, each annual course to have been of not less than seven months duration and at least twelve months shall intervene between the beginning of any course and the beginning of the preceding course.

SECTION 6. Time credits may be given to students who have the necessary entrance requirements and who are graduates or students of colleges of homeopathic or eclectic medicine for such courses of instruction of the required duration as they have successfully fulfilled, excepting in the course of the fourth year provided they pass satisfactory examinations in materia medica and therapeutics. Credit for one year of time may be given to students holding the degree of A. B., B. S., or other equivalent, from a reputable university or literary college.

SECTION 7. A college which gives less than a four years' course of study, but does not graduate students and is possessed of other required qualifications may be admitted to membership.

NOTE—One year's work in any subject of a high school or academic course is defined to mean a series of daily recitations, of forty-five minutes or more in time, for each week of a school year of not less than thirty-six weeks

This amendment is seconded by the following colleges: medical department of the University of Buffalo, John Hopkins University Medical School, medical department of Western Reserve University, medical department of the University of Michigan, Rush Medical College in affiliation with the University of Chicago, Northwestern University Medical School, Medical Department of the University of Minnesota, medical department of the University of Iowa, medical department of the University of Kansas, medical department of the University of California.

The Kentucky University Medical Department will offer the following amendments to the Constitution:

First, by inserting the words "In a reputable medical college" after the word "instruction" in the third line of Section 5, Article III.

Second, to further amend Article III by striking out altogether Sections 6 and 7.

WINFIELD S. HALL,
Secretary.

Members of the Association of American Medical Colleges are hereby notified that the next regular meeting of the Association will be in New Orleans, May 4th, 2 p. m. The place of the meeting will be conspicuously announced by placards at the headquarters of the American Medical Association.

Each Medical school in the Association is entitled to one delegate, who should bring with him credentials from his Faculty. Delegates from colleges whose dues are paid may vote.

PROGRAMME:

1. Minutes of the Saratoga Meeting;
2. The President's Address, DR. W. L. RODMAN.
3. Report of Special Committee on Revision of Article III of the Constitution, DR. DODSON, RITCHIE AND WATHEN.
4. Symposium: To What Extent and How Rapidly shall our Standards of Admission to Medical Schools be Advanced.
5. Report of Secretary and Treasurer.
6. Report of Judicial Council.
7. New Business.
8. Adjournment.

The following amendment is introduced by the special committee appointed for the purpose of revising Article III of the Constitution

It is moved to amend Article III by striking out all of it and inserting in lieu thereof, the following:

ARTICLE III.

SECTION 1. Every College holding membership in this Association, shall demand of each student, as a minimum requirement for admission to the medical course, either (a) a diploma from a four years high school or academy whose credits are accepted by a state university, or, (b) the diploma of a state normal school having a course of instruction equivalent to a four years high school course whose credits are accepted by a state university, or, (c) a certificate of admission to the freshmen class of a state university or a college whose credits are fully recognized by a state university, or, (d), an examination in the following branches

- (A). English—grammar, rhetoric and composition, the equivalent of two years high school work in this branch.
- (B). Algebra—to quadratics.
- (C). Latin—One year high school work, including grammar and four books of Cæsar, or a full equivalent therefor.
- (D). Physics—one year of high school work, including some laboratory work.
- (E). U. S. History—one year of high school work

Besides the above, seven additional branches of the students' choice selected from the following:

- | | |
|--|----------------------------------|
| 1. Latin—one year, Cæsar, Cicero, or Virgil. | 9 Trigonometry—one year. |
| 2. German—one year, grammar and literature. | 10. Astronomy—one year. |
| 3. French—one year, grammar and literature. | 11 Physiology—one year. |
| 4. Chemistry—one year, with laboratory work. | 12 Physical geography—one year. |
| 5. Botany—one year | 13. English literature—one year. |
| 6. Zoology—one year | 14 Advanced algebra—one year. |
| 7. Geometry—one year, plane. | 15 Civics—one year. |
| 8. Geometry—one year, solid. | 16. General History—one year. |

SECTION 2 This examination must be conducted by members of the faculty of a literary or scientific college, or by a superintendent of public instruction; in no case shall it be conducted by any person connected with the faculty of a medical school to which the student is seeking admission.

SECTION 3 A student may be allowed to enter upon his medical work conditioned in not more than two branches (one year's work in each), but these conditions must be removed by satisfactory examination before he is allowed to enter upon the second year of his medical course

SECTION 4 Colleges members of this Association may honor the official credentials presented by students from other colleges having the standard requirements maintained by members of this Association, excepting for the fourth year of their course.

SECTION 5. Candidates for the degree of Doctor of Medicine shall have attended four years' courses of study, each annual course to have been of not less than seven months duration and at least twelve months shall intervene between the beginning of any course and the beginning of the preceding course.

SECTION 6. Time credits may be given to students who have the necessary entrance requirements and who are graduates or students of colleges of homeopathic or eclectic medicine for such courses of instruction of the required duration as they have successfully fulfilled, excepting in the course of the fourth year provided they pass satisfactory examinations in materia medica and therapeutics. Credit for one year of time may be given to students holding the degree of A. B., B. S., or other equivalent, from a reputable university or literary college.

SECTION 7. A college which gives less than a four years' course of study, but does not graduate students and is possessed of other required qualifications may be admitted to membership.

NOTE—One year's work in any subject of a high school or academic course is defined to mean a series of daily recitations, of forty-five minutes or more in time, for each week of a school year of not less than thirty-six weeks

This amendment is seconded by the following colleges: medical department of the University of Buffalo, John Hopkins University Medical School, medical department of Western Reserve University, medical department of the University of Michigan, Rush Medical College in affiliation with the University of Chicago, Northwestern University Medical School, Medical Department of the University of Minnesota, medical department of the University of Iowa, medical department of the University of Kansas, medical department of the University of California.

The Kentucky University Medical Department will offer the following amendments to the Constitution:

First, by inserting the words "In a reputable medical college" after the word "instruction" in the third line of Section 5, Article III.

Second, to further amend Article III by striking out altogether Sections 6 and 7.

WINFIELD S. HALL,
Secretary.

- (B) Algebra—to quadratics
- (C) Latin—One year high school work, including grammar and four books of Cæsar, or a full equivalent therefor.
- (D) Physics—one year of high school work, including some laboratory work.
- (E), U. S. History—one year of high school work

Besides the above, SEVEN additional branches of the students' choice selected from the following:

- | | |
|---|----------------------------------|
| 1 Latin—one year, Cæsar, Cicero, or Virgil | 9 Trigonometry—one year. |
| 2 German—one year, grammar and literature. | 10 Astronomy—one year. |
| 5 French—one year, grammar and literature | 11 Physiology—one year. |
| 4 Chemistry—one year, with laboratory work. | 12 Physical geography—one year. |
| 5 Botany—one year | 13. English literature—one year. |
| 6 Zoology—one year. | 14 Advanced algebra—one year. |
| 7. Geometry—one year, plane. | 15 Civics—one year |
| 8 Geometry—one year, solid. | 16. General History—one year. |

SECTION 2 This examination must be conducted by members of the faculty of a literary or scientific college, or by a superintendent of public instruction; in no case shall it be conducted by any person connected with the faculty of a medical school to which the student is seeking admission.

SECTION 3 A student may be allowed to enter upon his medical work conditioned in not more than two branches (one year's work in each), but these conditions must be removed by satisfactory examination before he is allowed to enter upon the second year of his medical course.

SECTION 4. Colleges members of this Association may honor the official credentials presented by students from other colleges having the standard requirements maintained by members of this Association, excepting for the fourth year of their course.

SECTION 5. Candidates for the degree of Doctor of Medicine shall have attended four years' courses of study, each annual course to have been of not less than seven months duration and at least twelve months shall intervene between the beginning of any course and the beginning of the preceding course.

SECTION 6. Time credits may be given to students who have the necessary entrance requirements and who are graduates or students of colleges of homeopathic or eclectic medicine for such courses of instruction of the required duration as they have successfully fulfilled, excepting in the course of the fourth year, provided they pass satisfactory examinations in materia medica and therapeutics. Credit for one year of time may be given to students holding the degree of A. B., B. S., or other equivalent, from a reputable university or literary college.

SECTION 7. A college which gives less than a four years' course of study, but does not graduate students and is possessed of other required qualifications may be admitted to membership

One year's work in any subject of a high school or academic course is defined to mean a series of daily recitations, of forty-five minutes or more for each week of a school year of not less than thirty-six weeks

This amendment is seconded by the following colleges: medical department of the University of Buffalo, John Hopkins University Medical School, medical department of Western Reserve University, medical department of the University of Michigan, Rush Medical College in affiliation with the University of Chicago, Northwestern University Medical School, Medical Department of the University of Minnesota, medical department of the University of Iowa, medical department of the University of Kansas, medical department of the University of California.

The Kentucky University Medical Department will offer the following amendments to the Constitution:

First, by inserting the words "In a reputable medical college" after the word "instruction" in the third line of Section 5, Article III.

Second, to further amend Article III by striking out altogether Sections 6 and 7
