

[1987]

OSR NETWORK

GOALS:

1. Maximize information exchange among OSR members at the national meeting.
2. Increase intra-institutional communication.
3. Increase effectiveness of OSR as an organization.

BEFORE YOU COME TO THE ANNUAL MEETING:

1. Meet with student leaders, faculty members and deans to discuss specific issues, problems and programs that are of current interest/concern at your school. Also, arrange a follow-up meeting for right after your return from Washington.
2. Itemize the areas of information which would help meet specific needs of your institution and type or print these at the top of the attached sheet, e.g., decrease faculty reliance on NBME scores, improve identification of and help for impaired students.
3. On the bottom, outline information you could share, e.g. any recent student-initiated activities, any positive curriculum changes.

INFORMATION EXCHANGE AT THE ANNUAL MEETING:

1. Bring the sheet with you (or if you can't come to the meeting, mail it to Wendy Pechacek at the AAMC). At the regional meeting on Friday, when you introduce yourself, you can mention the areas about which you are seeking or have information.
2. Then, divide your sheet in half and post the halves on the OSR Network bulletin board set aside for this purpose. For the remainder of the OSR meeting, you can check the "Share" section for ideas posted by other students and you can leave your name and address on "Information Needed" sheets when you know of something to share.

INFORMATION NEEDED:

Circle appropriate heading(s):

- Curriculum
- Student Activities
- Student Health
- Other: _____

Medical School: _____

Name of OSR Rep: _____ Address: _____

Phone: () _____

INFORMATION TO SHARE:

Circle appropriate heading(s):
