

Charge of the GSA-Committee on Student Financial Assistance (COSFA)

The mission of COSFA is to provide guidance on legislative and regulatory issues regarding type, availability, and delivery of financial assistance to medical students. COSFA achieves its mission through:

- Receipt of regular reports from the Association staff on the status of specific financial aid legislation and national Association data describing the distribution of financial aid to medical students.
- Consideration of educational and support programs and activities to assist schools in counseling medical students regarding the financing of their medical education and the repayment of student loans.
- Assist with the development of topics for AAMC/GSA conferences and learning opportunities, including webinars.
- Identification of special projects related to issues of national importance and interest.
- Participation in GSA Professional Development Conferences and other AAMC/GSA learning opportunities.
