

CI Instructional and Assessment Methods mapped to LCME Reporting Categories

The Liaison Committee on Medical Education (LCME) has a limited number of specific instructional and assessment methods it wishes schools to report on when completing the Data Collection Instrument (DCI) for accreditation. The MedBiquitous/AAMC Curriculum Inventory (CI) Standardized Instructional and Assessment Methods and Resource Types contains more instructional and assessment methods than are called for in the DCI, so some CI instructional and assessment methods have been grouped into categories below to support schools' accreditation efforts within schools' Accreditation Support Report, which schools receive upon successfully uploading their CI data to AAMC through the [CI Portal](#) annually. A sample Accreditation Support Report is available on the [Resources to Use Your CI Effectively](#) webpage.

Accreditation Support Report – Table 2		
LCME Instructional Methods	Instructional Method Unique Identity (UID)	CI Instructional Methods
Lecture	IM013	Lecture
Lab	IM012	Laboratory
Small group	IM008 IM019 IM026	Discussion, Small Group (=<12) Problem-Based Learning (PBL) Team-Based Learning (TBL)
Patient contact	IM002 IM003 IM018 IM024 IM025 IM029	Clinical Experience - Ambulatory Clinical Experience - In-Patient Preceptorship Service Learning Activity Simulation Ward Rounds
Other	IM001 IM004 IM005 IM006 IM007 IM009 IM010 IM011 IM014 IM015 IM016 IM017 IM020 IM021 IM022 IM023 IM027 IM028 IM030 IM031	Case-Based Instruction/Learning Concept Mapping Conference Demonstration Discussion, Large Group (>12) Games Independent Learning Journal Club Mentorship Patient Presentation - Faculty Patient Presentation - Learner Peer Teaching Reflection Research Role Play/Dramatization Self-Directed Learning Team-Building Tutorial Workshop Patient Presentation-Patient

CI Instructional and Assessment Methods Mapped to LCME Reporting Categories

Accreditation Support Report – Table 6		
LCME Assessment Methods	Assessment Method Unique Identity (UID)	CI Assessment Methods
Internal exams	AM004 AM005	Exam - Institutionally Developed, Written/ Computer-based Exam - Institutionally Developed, Oral
Lab or practical exams	AM019	Exam - Institutionally Developed, Laboratory, Practical
NBME subject exams	AM008	Exam - Nationally Normed/Standardized, Subject
OSCE/SP exam	AM003	Exam - Institutionally Developed, Clinical Performance
Faculty/ resident rating	AM001 AM002 AM009 AM010 AM012 AM018	Clinical Documentation Review Clinical Performance Rating/Checklist Multisource Assessment Narrative Assessment Participation Stimulated Recall
Paper or oral pres.	AM011 AM014 AM016	Oral Patient Presentation Portfolio-based Assessment Research or Project Assessment
Other	AM006 AM007 AM013 AM017	Exam - Licensure, Clinical Performance Exam - Licensure, Written/Computer-based Peer Assessment Self-Assessment

Accreditation Support Report – Table 7		
LCME Assessment Methods	Assessment Method Unique Identity (UID)	CI Assessment Methods
NBME subject exams	AM008	Exam - Nationally Normed/Standardized, Subject
Internal written exams	AM004	Exam - Institutionally Developed, Written/ Computer-based
Oral Exam or Pres.	AM005 AM011	Exam - Institutionally Developed, Oral Oral Patient Presentation
Faculty/ resident rating	AM001 AM002 AM009 AM010 AM012 AM018	Clinical Documentation Review Clinical Performance Rating/Checklist Multisource Assessment Narrative Assessment Participation Stimulated Recall
OSCE/SP exam	AM003	Exam - Institutionally Developed, Clinical Performance
Other	AM006 AM007 AM013 AM014 AM016 AM017 AM019	Exam - Licensure, Clinical Performance Exam - Licensure, Written/Computer-based Peer Assessment Portfolio-Based Assessment Research of Project Assessment Self-Assessment Exam - Institutionally Developed, Laboratory, Practical
