Primary Contact Title (e.g., Associate Dean of Curriculum)

Primary Contact Email

Please provide responses to each of the following items.

### Project Description

---

Describe the proposed project to develop or enhance an experiential community-partnered learning opportunity that addresses identified local community health needs. The description should include the following: (1) project objectives and rationale; (2) measurable goals; (3) how medical students or residents, or both, will be engaged; and (4) how the project will support collaboration across mission areas. [maximum 5,500 characters, including spaces]

## Leadership Skills

---

Describe how the proposed project promotes the development of population health leadership skills for medical students or residents, or both (e.g., advocacy, communication, cultural humility, program management, research, team-based approaches). [maximum 5,500 characters, including spaces]

## External Partnerships

---

Describe the role of external partners (e.g., academia, community-based organizations, community residents, health departments, hospital leadership) in the proposed project. Please include partner organizations' full names. [maximum 5,500 characters, including spaces]

## Project Impact

---

Describe how the proposed project will advance local community health and could be adapted at other institutions to improve population health leadership skills for medical students or residents, or both.  
[maximum 5,500 characters, including spaces]

## Submission Deadline

---

Applications must be received by **Oct. 1, 2019, at 11:59 p.m. ET**. Please send the completed application form and supplemental documentation to [CDC@aamc.org](mailto:CDC@aamc.org). Incomplete applications will not be considered or reviewed.

## Application Checklist

---

Save application form before completing it.

Complete application form.

Email completed application form and primary contact's curriculum vitae or resume to [CDC@aamc.org](mailto:CDC@aamc.org).

Retain AAMC email confirmation of the submitted application form.
