

Ask Me Almost Anything (AMAA) Webinar

Hosted by the GIR Diversity and Inclusion Work Group

The GIR Diversity and Inclusion Work Group will be leading a virtual session on Ask Me Almost Anything (AMAA). This session was originally included on the program at the 2020 Information Technology in Academic Medicine Conference.

Information

Date: Thursday, July 16, 2020

Time: 2:00 – 3:00 pm ET

Description and Learning Objectives

Do you have questions around diversity and inclusion? Questions that you'd like to ask in a safe environment without it being taken the “wrong way”? This session will be a “Ask Me Almost Anything” conversation with speaker volunteers, and they will answer questions that will be submitted anonymously beforehand (<https://www.surveymonkey.com/r/BPFGDCD>)

Learning Objectives

1. Implement and facilitate your own AMAA Workshop for Diversity & Inclusion (D&I).
2. Gain credibility and confidence in your own ability to further D&I in your own contexts and environments.
3. Identify opportunities for further improvements or expanded conversations on D&I.
