

Reviewing Applicant Interview Data in Reports

To support you and your students during this important time, ERAS is introducing a new feature designed to enable students to share their interview information with you, their Designated Dean's Office (DDO), and support you in deriving further insights from the interview invitation process.

Key items to note:

- Encourage your students to release their interview information by giving their consent in MyERAS. Refer to MyERAS: Sharing & Adding Interview Invitations.
- After students have given their consent, Invitations titled "RSVP" and received through the ERAS Message Center will automatically be transferred to the Dean's Office WorkStation (DWS). Invitations received through the ERAS Message Center and not titled "RSVP" as well as interview invitations from other sources, must be manually entered by your students to appear in the Dean's Office WorkStation (DWS).
- The report will display real-time data from the student's MyERAS Calendar. You can export this information into a CSV or PDF file.
- Students can revoke their consent at any time.

Steps to Accessing Applicant

Interview Data

Log into DWS and from the navigation bar, click on "Reports"

- In the Reports Dashboard, scroll to the bottom of the screen and select "Interview Status by Applicant" report
- 2. Scan through the list of your applicants and their interview information.

Note: If an applicant is not listed, it means that they have not shared or stopped sharing their data.

- 3. Select an applicant to view their Interview Invitation information
- Click on "+" in each sub-menu to reveal more details:
 - Program name & Specialty
