

**Table 3: MD-PhD Graduates who Entered Residency Training at Programs Currently Affiliated or Not Affiliated with their Medical Schools of Graduation**

The table below displays the number of U.S. MD-PhD graduates, by academic year of graduation, and whether the graduates entered residency training at programs affiliated with their medical schools of graduation. Please email [datarequest@aamc.org](mailto:datarequest@aamc.org) if you need further assistance or have additional inquiries.

Academic Year of Graduation	Entered Residency Program Affiliated with Medical School		Did Not Enter Residency Program Affiliated with Medical School		Total MD-PhD Graduates Entering Training
	N	%	N	%	N
2015-2016	152	26.2	428	73.8	580
2016-2017	134	23.6	433	76.4	567
2017-2018	150	25.9	430	74.1	580
2018-2019	132	23.7	426	76.3	558
2019-2020	144	24.0	457	76.0	601
2020-2021	145	23.3	478	76.7	623
2021-2022	129	21.9	459	78.1	588

Notes: The U.S. MD-PhD Graduates cohort includes all U.S. MD-PhD medical school graduates in the corresponding academic year, who were also reported in training in a residency program in any GME year in GME Track. Medical school MD-PhD graduates not reported in GME Track are excluded. The residency program to medical school affiliations refer to the first residency program of training and are based on information reported in the 2022 GME Track Program Survey, or the name of the residency program, or the sponsoring institution of the residency program. For the purposes of this report, the 2022 affiliations between residency programs and medical schools are assumed to have been in place in previous GME years.
