### 3 Race and Ethnicity of Applicants

This table displays the current and prior seasons' count of applicants broken down by race/ethnicity categories.

The values are further broken down into the following categories:

- **Alone** - Applicants who chose only one race/ethnicity category
- **In Combination** - Applicants who chose multiple race/ethnicity categories
- **Total** - The unique and unduplicated total count of applicants

The **Unduplicated Total Applicants** at the bottom of the table show unique totals.

This report provides a detailed breakdown of the applicants' race and ethnicity for your institution.

### Race and Ethnicity of Applicants by Percent

This chart displays the percentage of applicants by race and ethnicity for multiple seasons with further drill-down options.

In the **Select Percent View** drop-down menu, you can choose between:

- **Within Race/Ethnicity** - Displays the percent of applicants who chose only one race/ethnicity category (Alone) and applicants who chose multiple race/ethnicities (In Combination) within each race/ethnicity.
- **Out of Total** - Displays the percent of applicants for each race/ethnicity out of the unduplicated total count of applicants. The values are further broken down into the Alone and In Combination categories.
