PRELIMINARY AGENDA

Toward a Post-Pandemic World: Harnessing Lessons from COVID-19

AAHCI Latin America & the Caribbean (LAC) Regional Office host, Faculty of Medicine – University of São Paulo ([FMUSP](#)) is co-hosting this in-person meeting to provide members in the region and beyond, an opportunity to engage in reflective and forward-thinking sessions addressing the broad impact of the pandemic on academic health centers, health, and society. The various panel sessions will highlight successes, missed opportunities, and emerging data in order to extract key understandings that leaders in academic health centers, health systems, and communities can incorporate into their ongoing pandemic responses with a view toward enhancing resilience and preparedness for future outbreaks.
