The table below displays the self-identified racial and ethnic characteristics of applicants to U.S. medical schools from 2013-2014 through 2017-2018. The sum of the race/ethnicity categories may not add to the total number of applicants since an applicant could designate multiple race/ethnicity categories. *During the 2016 application cycle, a technical malfunction in the collection of race/ethnicity data necessitated a request that applicants review and re-submit responses to the race/ethnicity question in their AMCAS applications. No applicants were asked to review this question prior to or after 2016.

Note: The “Non-U.S. Citizen and Non-Permanent Resident” category may include students with unknown citizenship.
