Note: In 2013-2014, the methodology for acquiring race/ethnicity information was updated. Rather than one question asking an applicant's Hispanic origin and a second question asking the applicant's race, the Hispanic origin and race response options are now listed together under a single question about how applicants self-identify. Applicants could select multiple response options. The "Non-U.S. Citizen and Non-Permanent Resident" category may include students with unknown citizenship. Four applicants in 2013-2014, six applicants in 2014-2015, and fourteen applicants in 2015-2016 who declined to report sex are not reflected.
