

Table B-5.2: Total Enrollment by U.S. Medical School and Race/Ethnicity (Alone or In Combination), 2019-2020

The table below displays the racial and ethnic characteristics (alone or in combination) of enrolled students in U.S. medical schools from 2019-2020. Enrollment includes the number of students in medical school, including students on a leave of absence, on October 31 of each year shown. Enrollment does not include students with graduated, dismissed, withdrawn, deceased, never enrolled, completed fifth pathway, did not complete fifth pathway, or degree revoked statuses. "Alone or in combination" indicates those who selected a race/ethnicity category alone or in combination with another race/ethnicity response. The sum of the race/ethnicity categories may not add to the total number of students since a student could designate multiple race/ethnicity categories. Please email datarequest@aamc.org if you need further assistance or have additional inquiries.
