

Table 2: MD Graduates who Entered Residency Training at Programs Currently Affiliated or Not Affiliated with their Medical Schools of Graduation

The table below displays the number of U.S. MD graduates, by academic year of graduation, and whether the graduates entered residency training at programs affiliated with their medical schools of graduation. Please email datarequest@aamc.org if you need further assistance or have additional inquiries.

Academic Year of Graduation	Entered Residency Program Affiliated with Medical School		Did Not Enter Residency Program Affiliated with Medical School		Total MD Graduates Entering Training
	N	%	N	%	N
2015-2016	4,430	24.0	14,003	76.0	18,433
2016-2017	4,324	23.1	14,368	76.9	18,692
2017-2018	4,385	23.1	14,569	76.9	18,954
2018-2019	4,552	23.7	14,675	76.3	19,227
2019-2020	4,657	23.8	14,876	76.2	19,533
2020-2021	4,929	25.2	14,645	74.8	19,574

Notes: The U.S. MD Graduates cohort includes all U.S. MD medical school graduates in the corresponding academic year, who were also reported in training in a residency program in any GME year in GME Track. Medical school graduates not reported in GME Track are excluded. The residency program to medical school affiliations refer to the first residency program of training and are based on information reported in the 2021 GME Track Program Survey, or the name of the residency program, or the sponsoring institution of the residency program. For the purposes of this report, the 2021 affiliations between residency programs and medical schools are assumed to have been in place in previous GME years.
