

**Table A-15: Race/Ethnicity of Applicants
to U.S. Medical Schools, 2013-2014 through 2016-2017**

The table below displays the self-identified racial and ethnic characteristics of applicants to U.S. medical schools from 2013-2014 through 2016-2017. The "Multiple Race/Ethnicity" category includes those who selected more than one race/ethnicity response. Please email us at datarequest@aamc.org if you need further assistance or have additional inquiries.

*During the 2016 application cycle, a technical malfunction in the collection of race/ethnicity data necessitated a request that applicants review and re-submit responses to the race/ethnicity question in their AMCAS applications. Applicants in previous years were not asked to review responses to this question.

Note: The "Non-U.S. Citizen and Non-Permanent Resident" category may include students with unknown citizenship.
