

Brian Hoh, MD, MBA, FACS, FAHA, FAANS

University of Florida College of Medicine

James & Brigitte Marino Family Professor and Chair of Neurosurgery,

University of Florida

Chief of Medical Staff of UF Health Shands

Dr. Brian Hoh is the James and Brigitte Marino Family Professor and Chair of the Lillian S. Wells Department of Neurosurgery at the University of Florida, where he also serves as Chief of Medical Staff for UF Health Shands. His clinical interest is cerebrovascular and endovascular neurosurgery and stroke. He is an NIH-funded investigator with over 15 years of continuous NIH funding including multiple U01s and R01s as principal investigator. In 2021 and 2023, he was the #1 highest NIH-funded neurosurgery investigator according to Blue Ridge Institute for Medical Research. He has over 250 publications.

Dr. Hoh is a past President of the Congress of Neurological Surgeons, past Chair of the American Association of Neurological Surgeons/Congress of Neurological Surgeons Joint Cerebrovascular Section, and currently serves on the Board of Directors of the American Board of Neurological Surgery. He has served as co-chair of the Editorial Board of the Journal of Neurosurgery. He has been awarded the M. Gazi Yasargil Lecturer, the Byron Cone Pevehouse Award, and the Robert D. Florin Award by the American Association of Neurological Surgeons. In 2024, the University of Florida College of Medicine awarded him Outstanding Research Scientist Award in Clinical, Data, or Artificial Intelligence Science. He has received five teaching awards, a University of Florida Research Foundation Professorship, and a University of Florida Term Professorship from the University of Florida College of Medicine.

Dr. Hoh received his B.A.S. from Stanford University, his M.D. from Columbia University, and completed his neurosurgery residency and interventional neuroradiology fellowship at Massachusetts General Hospital. He received his M.B.A. from the University of Florida.
