

Token Registration Status

This job aid provides step-by-step instructions for users on how to pull a report in the DWS (Dean’s Office WorkStation) system to identify students who have or have not registered their token to participate in the current ERAS® season. The report aims to assist administrators and faculty members in efficiently identifying and managing the certification status of student applications within the MyERAS® platform.

1. Navigate and log in to [DWS](#).
2. Select the Analytics tab to access DWS Analytics.
3. Select View More located in the Student Activity card.

4. In the Application Prep card, locate the Registered Token activity to view students who have and have not registered their MyERAS token.

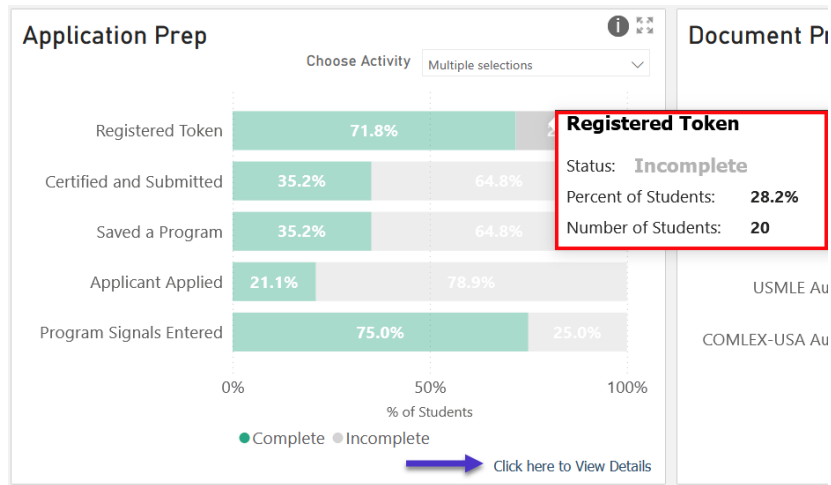

5. To view student-level details, hover over the gray and blue bar.

6. The student-level details include:

- a. Status
- b. Percent of Students
- c. Number of Students

To view students who have **not** registered their token:

- 1. Hover over and click the gray bar.

Note: The status for students who have not registered their token will be **Incomplete**.

- 2. By selecting the gray bar and clicking "Click here to View Details," a filtered crosstab will open with the view of students who have an Incomplete status for the Registered Token item.
