

**Table A-14.3: Race/Ethnicity Responses (Alone and In Combination) of Matriculants to U.S. MD-Granting Medical Schools, 2019-2020 through 2023-2024**

The table below displays the self-identified racial and ethnic characteristics of matriculants to U.S. MD-granting medical schools from 2019-2020 through 2023-2024. "Alone" indicates those who selected only one race/ethnicity response. "In Combination" indicates those who selected more than one race/ethnicity response. Also, the sum of the matriculants in the underrepresented categories may not add to the Unduplicated Total URiM Matriculants since matriculants could designate multiple underrepresented categories. The AAMC definition of Underrepresented in Medicine found at <https://www.aamc.org/what-we-do/diversity-inclusion/underrepresented-in-medicine> is: "Underrepresented in medicine means those racial and ethnic populations that are underrepresented in the medical profession relative to their numbers in the general population." This AAMC definition allows for a variety of ways to conceptualize URiM, depending on whether (for example) one is looking at the national perspective, regional perspective, or local perspective. For the purposes of this particular FACTS table, a URiM matriculant is any U.S. citizen or permanent resident who self-identified as one or more of the following race/ethnicity categories (alone or in combination with any other race/ethnicity category): American Indian or Alaska Native; Black or African American; Hispanic, Latino, or of Spanish Origin; or Native Hawaiian or Other Pacific Islander. Please email [datarequest@aamc.org](mailto:datarequest@aamc.org) if you need further assistance or have additional inquiries.

<b>Unduplicated Total URiM Matriculants</b>		<b>20.6</b>	<b>22.0</b>	<b>24.2</b>	<b>22.7</b>	<b>23.0</b>
<b>Unduplicated Total Matriculants</b>		<b>100.0</b>	<b>100.0</b>	<b>100.0</b>	<b>100.0</b>	<b>100.0</b>

Notes: The "Non-U.S. Citizen and Non-Permanent Resident" category may include matriculants with unknown citizenship.

Each academic year includes applicants, acceptees, and matriculants that applied to enter medical school in the fall of the given year. For example, academic year 2023-2024 represents the applicants, acceptees, and matriculants that applied to enter medical school during the 2023 application cycle.
