

Table C: Department Chairs by Department, Sex, and Race/Ethnicity, 2020

The table below shows the number of permanent, interim, or acting department chairs at all U.S. medical school as of December 31, 2020 by department classification, sex, and race/ethnicity. By way of background, the Faculty Roster utilizes the official name given to each department by each medical school. The AAMC department classification is a way to group disparately named (but similar) departments across medical schools. As an example, a medical school could have separate departments of Neurosurgery and Cardiothoracic Surgery. These departments would appear in the Faculty Roster under their official names, but both would be reported in the Surgery department classification. To allow for unduplicated counts of chairs, the "Multiple Race – Hispanic" breakout includes all chairs who are reported as Hispanic and at least one other race/ethnicity. The "Multiple Race – Non-Hispanic" breakout includes all chairs who are reported as more than one race/ethnicity, but who are not reported as Hispanic.
