

COALITION *for*
HEALTH FUNDING

THE AD HOC GROUP FOR MEDICAL RESEARCH

The Ad Hoc Group for Medical Research and Coalition for Health Funding invite you to please join us for a virtual briefing series for Congressional staff and coalition members.

Medical Research & COVID-19: Updates from NIH's Institutes & Centers

NIH-supported medical research across country is a key tool in battling COVID-19 and its wide-ranging effects. This series will feature discussions with directors of NIH's institutes and centers about how research to date and ongoing work can inform our response to the virus, as well as the impact the pandemic is having on existing research across the agency's broad portfolio.

The **National Institute of Biomedical Imaging and Bioengineering (NIBIB)** works to improve health by leading the development and accelerating the application of biomedical technologies. NIBIB is supporting research into novel SARS-CoV-2 testing technologies to expand testing capacity through the RADx program, while supporting technologies including imaging approaches and digital platforms to address COVID-19. Please join us for a virtual briefing with **NIBIB Director Bruce Tromberg, Ph.D., at 1pm EST on Wednesday, June 2**. Please [register here](#) by Tuesday, June 1.

National Institute of Biomedical Imaging and Bioengineering (NIBIB)

Date: Wednesday, June 2, 1pm EST

Guest speaker: Bruce Tromberg, Ph.D., Director, NIBIB

RSVP: To receive Zoom information, please [register here](#) by Tuesday, June 1.
