Group on Faculty Affairs Listserv

The GFA hosts an electronic discussion group, which facilitates communication among medical school faculty, administrators, and staff who are responsible for faculty affairs policies and faculty development issues. Peers can exchange ideas, post information and questions, and seek solutions using this email list.

To Join the Listserv

The GFA Listserv is available to all GFA members. Faculty and staff working in faculty affairs and faculty development offices can join the GFA with approval of their medical school dean or teaching hospital CEO. New member requests should contain the following information and be sent to vclark@aamc.org:

- Name
- Position/Title
- Institution
- Mailing address
- Institutional email address

You will receive an email confirmation once your subscription has been activated. Other questions about the listserv can be sent to vclark@aamc.org.

To post a message to the list:

Send an email to gfa_listserv@lists.aamc.org. Only members of the email discussion list are able to post messages.

Listserv Guidelines and Etiquette

Please take a moment to acquaint yourself with these important [guidelines PDF](#). In order to preserve a climate that encourages both civil and fruitful dialogue, the GFA reserves the right to suspend or terminate membership on all lists for members who violate these rules.

Subscription Settings

Each message is sent to the entire list as a single email. To change your settings and receive a **daily digest** instead of separate messages, send a blank email to mimedigest-gfa_listserv@lists.aamc.org.
