

The AAMC Curriculum Inventory (CI) at [GEA 2020](#)

The AAMC Curriculum Inventory (CI) will have time in each [Group on Educational Affairs](#), or GEA, regional meeting to share updates and developments for 2020. Learn more about your region's GEA meeting, including the conference program and how to register, through the links below:

- [CGEA 2020](#) - AAMC CI workshop
 - **Mark your calendar for Thursday April 2 3:00pm-4:30pm**
 - Facilitated by:
 - Carolyn Dufault, Assistant Dean Educational Technology and Innovation, Washington University
 - Neelum Safdar, Clinical Sciences Curriculum Specialist, Indiana University School of Medicine
- [NEGEA 2020](#) - AAMC CI workshop
 - Date/time TBA
 - Facilitated by:
 - Angela D. Blood, Director of Curricular Resources, Association of American Medical Colleges (AAMC)
 - Jennifer Koestler, Senior Associate Dean for Medical Education, New York Medical College
- [SGEA 2020](#) - AAMC CI workshop
 - **Mark your calendar for Friday, March 13, 9:15-10:45am**
 - Facilitated by:
 - N. Kevin Krane, Vice Dean Academic Affairs, Tulane University
 - Vicki Park, Assistant Dean, University of Tennessee
- [WGEA 2020](#) - AAMC CI workshop
 - **Mark your calendar for Sunday, March 29, 4:00-5:00pm**
 - Facilitated by:
 - Cinda Stone, Director of Curricular Management, University of Arizona, Phoenix
 - Julie Youm, Assistant Dean, Education Compliance and Quality, and Director, Educational Technology, University of California Irvine

Each GEA regional meeting will have two opportunities to engage with the AAMC CI:

1. Poster session. This will include information about existing and new resources, data and reports available through our [website](#), and through each respective school's [AAMC CI Portal](#), which will be available in April 2020 once its platform upgrade is complete. Schools will find a more modern and streamlined user interface, as well as some new features. An AAMC staff member will be available to answer your questions during the poster session, and you can also follow up with questions to ci@aamc.org.
2. CI Workshop. In this interactive session, participants will learn about the data the AAMC Curriculum Inventory (CI) collects, resources available, and how data reports can be found and used to answer curriculum continuous quality improvement and accreditation support

questions. Through a small group case study and large group discussion, participants will work through sample Verification Report data to identify curricular strengths and gaps.

AAMC Building Better Curriculum Webinar Series

Our next webinar is set for **Wednesday, March 11, 2020 at 1:00pm EST**. You can register for upcoming curriculum webinars and view past curriculum webinars [here](#). I (Angela Blood) will be the webinar speaker, and am excited to share with you a number of new developments for 2020:

- Upgraded IT platform for the CI Portal, to open April 2020, which will include a new modern user interface, and new features like a HELP section
- New features for Verification Report 2020
- New school-specific Accreditation Support Report 2020

If you would like to nominate yourself or a colleague as a future AAMC Building Better Curriculum Webinar guest speaker, please reach out to ci@aamc.org.

Onward!

Angela D. Blood

Director, Curricular Resources
