Advancing Medical Education Across the Continuum

Developing & Supporting Educators & Learners
Building the Home for Professional Development, Resources and Community

Advancing Scholarship in Education
Fostering creation and dissemination of scholarship

Advancing Competency Based Medical Education
Collaborating for effective implementation

Collaborating to Promote Team-Based Care
Interprofessional and interdisciplinary education

Innovating in Education
Adapting curricula and learning experiences to meet society’s evolving needs

Across the Continuum & Across Specialties of Practice
Supporting Medical Educators’ Professional Development

Medical Education Certificate Programs
- Medical Education Research Certificate (MERC)
- Teaching for Quality (Te4Q)

Leadership Development
- Leadership Education and Development (LEAD) Certificate Program
- Other AAMC Leadership Development Courses
- Volunteer for positions in your region or in a section (UME, GME, CPD, MESRE)

Scholarship
- Review abstracts and papers for regional meetings or LSL
- Group on Educational Affairs (GEA) National and Regional Grant Awards
- GEA is open to all
Advancing Medical Education Across the Continuum

Developing & Supporting Educators & Learners
Building the Home for Professional Development, Resources and Community

Advancing Scholarship in Education
Fostering creation and dissemination of scholarship

Advancing Competency Based Medical Education
Collaborating for effective implementation

Collaborating to Promote Team-Based Care
Interprofessional and interdisciplinary education

Innovating in Education
Adapting curricula and learning experiences to meet society’s evolving needs

Across the Continuum & Across Specialties of Practice
Advancing Medical Education: Scholarship

Submit to present at AAMC meetings:

- CFAS
- LSL
- Regional GEAs
- Group on Resident Affairs
- IQ meeting
- Group on Institutional Resources
Advancing Medical Education Across the Continuum

1. Developing & Supporting Educators & Learners
   - Building the Home for Professional Development, Resources and Community

2. Advancing Scholarship in Education
   - Fostering creation and dissemination of scholarship

3. Advancing Competency Based Medical Education
   - Collaborating for effective implementation

4. Collaborating to Promote Team-Based Care
   - Interprofessional and interdisciplinary education

5. Innovating in Education
   - Adapting curricula and learning experiences to meet society’s evolving needs

Across the Continuum & Across Specialties of Practice
CBME Pilots Advancing Evidence-Informed Education
AAMC’s New Resource Development Project:

New/Emerging areas in health care:
Core competencies across the continuum

Exponential knowledge growth
Patient Safety
Health Equity
Precision medicine

Big data
Technology
Genomics
Telehealth

Community-based care
Interprofessional practice
New therapeutics
Artificial Intelligence

QIPS Draft Domains

- Patient Safety
- Quality Improvement
- Patients and Families as QIPS Partners
- Teamwork, Collaboration, and Coordination
- Health Equity in QIPS
Patient Safety: Systems Safety

Entering Residency
- Describes common types of human error and limits of human performance.
- Describes the role of culture in safety performance.

Entering Practice
- Promotes behaviors among the healthcare team that reduce the risk of human error.
- Identifies key elements of and contributes to a culture of patient safety.

Experienced Faculty Physician
- As part of an interprofessional team, assists in construction of system solutions to reduce risk of human error and decrease risk of patient safety events.
- Role models behaviors that contribute to a culture of patient safety.

Across the Continuum & Across Specialties of Practice
Countering the U.S. Opioid Epidemic

AAMC National Workshop to Advance Medical Education to Combat Opioid Misuse: Working Together Across the Continuum. May 9-10, 2019 National Harbor, MD

MedEdPORTAL collection Challenge Grants
Advancing Medical Education: Continuing Foundations work

Forthcoming:
The Fundamental Role of the Arts and Humanities for Future and Practicing Physicians
How can CFAS members (and your constituents) get more involved??

Join the GEA

Refer members to Med Ed certificate programs, IPEC programs

Refer members to GEA, CBME listservs. Med Ed Webinars

Submit to present at AAMC meetings beyond CFAS

Disseminate/utilize the QIPS competencies

Join Reactor panels for upcoming competencies across the continuum

AAMC can connect you with speakers

What other ideas do YOU have??
